UNDYING NEXUS

From the shadows of Helsinki rises Undying Nexus, a thrash metal entity with a gothic soul. Self made debut EP "Vol.1" is just the beginning as every new song hits like a hammer to the heart!

We are a professional unit that does their work with years of experience, and can guarantee that no-one is left cold when we step on the stage.

This band does not only play metal – they weaponize it!

666 Ways To Die – choose yours.
